(54) VEGETABLE ANTIMICROBIAL PRESERVATIVE

(57)Abstract:

PROBLEM TO BE SOLVED: To provide a vegetable anti-microbial preservative which contains the extracts of one or more plants selected from 64 kinds of plants, and to provide an external preparation composition, an oral cavity preparation composition, a clothing agent composition, a kitchen agent composition and a dwelling agent composition which each contains the vegetable anti-microbial preservative.

SOLUTION: This vegetable anti-microbial preservative has effective bactericidal and antibacterial forces against various bacteria and can widely sterilize microbes. Further, the vegetable anti-microbial preservative is highly safe for human bodies differently from synthetic microbicides on whose safety, environmental pollution and the like misgivings are felt, and can be applied to an extremely wide range, because not causing a trouble, even when left in a target article.

LEGAL STATUS

[Date of request for examination]

[Date of sending the examiner's decision of rejection]

[Kind of final disposal of application other than the examiner's decision of rejection or application converted registration]

[Date of final disposal for application]

[Patent number]

[Date of registration]

[Number of appeal against examiner's decision of rejection]

[Date of requesting appeal against examiner's decision of rejection]

[Date of extinction of right]
